Aces Men and Women Compete in First-Ever Cross-Country Club

John Crown Javitch, Academic Dean for Humanities, says that the men and women who will represent ICJA in the new cross-country club competition are a “great success.” Under the leadership of principals, Eric Lillie and Dan Metzger, along with CHS Communications Director Shanya Goldman, the club attracted 18 students composed of high school seniors and juniors from local public and private schools. The team is the result of the vision of ICJA’s Assistant Principle, Curriculum and Educational Opportunities, Rabbi Dr. Leonard Matanky.电脑

The cross-country club is a club that strives to build strength for other sports, and new runners joined the club to build their strength for other sports, and new runners joined the club to build their strength for other sports, and new runners joined the club to build their strength for other sports, and new runners joined the club to build their strength for other sports, and new runners joined the club to build their strength for other sports, and new runners joined the club to build their strength for other sports, and new runners joined the club to build their strength for other
