The Shay Scholars Program

What is the Shay Scholars program?

The Shay Scholars Program provides partial scholarship funding for students currently attending a public school who wish to attend Ida Crown Jewish Academy. The scholarship awards are as follows:

Grade 9: \$4000
Grade 10: \$4000
Grade 11: \$2000
Grade 12: \$2000

Why is there a Shay Scholars Program?

Through the generosity of Ida Crown Jewish Academy alumnus Scott Shay and his wife Susan, this program was established with the goal of encouraging students in the public schools, who are interested in learning more and deepening their commitment to their Jewish heritage, to attend Ida Crown Jewish Academy.

How can I become a Shay Scholar?

Shay Scholars are chosen by a committee which includes the ICJA principal and other faculty members. Scholarships are awarded on the basis of merit. Non-freshman students are also eligible for this program. Applicants should complete the form below and return it to the ICJA Business Office together with a short essay about why you want to attend the school and a recommendation from at least one person (e.g. synagogue rabbi, youth group advisor, Hebrew School teacher, etc.)

Please complete the information below

Return this form, an essay and letter of recommendation to ICJA by mail or email to Michael London, Director of Finance, mlondon@icja.org
